Elevate takes your privacy seriously and is committed to protecting your privacy. **What information do we collect?**

Elevate collects different information in order to help us improve the services and products we offer, and to provide unique personalised services and products to each user.

You are under no obligation to provide any personal data however, other than your name, address, e-mail address, telephone number and postal address. We may ask for further information from you in order to obtain a better understanding of how we can improve our offering to you and without some relevant personal information we may not be able to treat you. In all instances it is entirely your choice whether or not to provide information. We may also use cookies. For an explanation, see the section on cookies below.

How do we use your information?

We use the information to help us understand more about how our web site is used, to improve our site, and to send you information, either electronically or otherwise, about us and about our products, which we think may be of interest to you. Unless you have informed us that you do not wish to receive further information about our products and services and those of our affiliates and partners, we and they may send you direct mail.

When do we share information?

We DO NOT sell your personal information to others. We DO NOT share your information with our associated companies. At times, other web sites may have links on our site. If you link to their sites, they may collect information. Such sites are not within our control and are not covered by this privacy statement. If we believe that your use of the site is unlawful or damaging to others, we reserve the right to disclose the information we have obtained through the site about you to the extent that it is reasonably necessary in our opinion to prevent, remedy or take action in relation to such conduct.

Cookies

Like most other websites, during the course of any visit to the Elevate website, we may use small files which are stored on your hard drive by our browser ("cookies") to monitor your use of the website. Once you have closed your browser, we do not use the information these cookies collect.

Security

Should you pay in full or in part for treatment via the Elevate website, all personal and credit card information is encoded using Secure Sockets Layer (SSL) technology before being sent over the Internet. To protect your data further, your credit card information is always stored in encrypted form in a database that is away from our Web site database, so it isn't connected to the Internet. Credit card transactions are issued a digital certificate, ensuring that your data can only be read by our transaction system as long as your browser shows its secure mode symbol (such as a key or closed lock). To make the most of the security on our site, we recommend using a modern browser such as Firefox that enables SSL. We also recommend setting your browser's preferences to accept cookies and enable JavaScript.
